NEWS

A CELEBRATION OF CHARACTER

The Residences at The St. Regis Jakarta proudly launched a new Official Showcase Unit in its lineup. This Showcase Unit, masterfully designed by the acclaimed Jakarta-based Interior Design Consultant, embodies a unique character and elegance.

Each piece of decor has been meticulously selected and curated to not only stand out individually but also harmonize as a cohesive whole, creating an unparalleled living experience.

The Showcase Unit is now open for viewing and features all the furnishing sets.

Airyn Tanu

KNOWING YOUR NEIGHBOUR

In this edition of "Knowing Your Neighbour," we're delighted to feature a remarkable resident of The Residences at The St. Regis Jakarta, Airyn Tanu.

A well-known figure in the luxury jewelry industry, Airyn, alongside her husband, helms the successful Passion Jewelry Group. With over 40 retail branches across Indonesia, her business acumen is as brilliant as the gems she curates. However, it's not just her business savvy that makes her stand out; it's also her vibrant lifestyle and her captivating story that mirrors the spirit of the St. Regis — exquisite, exclusive, and exceptional.

Airyn's journey to success starts from a humble beginning. Selling her hand-made jewelry in Perth to overseeing a leading jewelry empire is not just inspiring, but also a testament to her relentless pursuit of excellence. Away from the boardroom, Airyn embraces a lifestyle that balances the vigor of entrepreneurship with personal well-being. She's an avid yoga practitioner who also finds joy on the golf course, striking a balance between focus and relaxation. Her commitment to a well-crafted, positive lifestyle not only helps her navigate the complexities of business but also enhances her personal fulfillment.

For Airyn, The Residences at St. Regis Jakarta is not just a residence but a canvas that reflects her achievements and style. Beyond the refined taste and appreciation for luxury, the strategic location in the heart of Jakarta aligns perfectly with her busy schedule, offering ease and efficiency as she juggles the demands of her thriving business.

The proximity to essential places like the school that her son attends, adds another layer of convenience, underscoring the thoughtful decision-making behind her choice.

In addition to luxury and convenience, the residence's comprehensive amenities like health centers, gyms, restaurants, and coffee shops not only cater to her wellness and leisure needs but also provide a community atmosphere where she and her family can thrive personally and socially. The availability of private meeting spaces and event areas within the residence also allows her to host gatherings and business meetings, integrating her personal life with her professional one without stepping out of her comfort zone.

When asked about her thought process when deciding to move to a new home, Airyn provides practical yet insightful advice. She emphasizes the importance of aligning one's living environment with their needs and aspirations. For prospective buyers, she recommends considering the location, amenities, securities, property value, and community environment before pulling the trigger, as these factors have significantly influenced her decision.

From her entrepreneurial success to her family-oriented mindset, Airyn Tanu is more than just a titan in the jewelry industry, but also a vibrant, well-rounded individual embracing and thriving in every facet of her life. As for now, Airyn looks forward to finally moving into The Residences at The St. Regis Jakarta where she can continue fostering her success and celebrate precious moments with her family.
